BOTTLES OF

Warner's SAFE Cure

Sold, to Dec. 27, 1886.

No Other Remedy in the World Can Produce Such a Record.

This wonderful success of "Warner's SAFE Cure" is due wholly to the real merit of the Remedy. For a long time it has been REGARDED BY THE HIGHEST MEDICAL AUTHORITIES AS THE ONLY SPECIFIC FOR KIDNEY, LIVER AND URINARY DISEASES AND FEMALE COMPLAINTS.

Thousands of people owe their life and health to "Warner's SAFE Cure" and we can produce 100,000 TESTIMONIALS to that effect.

Read the following and note the large number of bottles distributed. We guarantee these figures to be correct, as our sales-books will prove.

Boston, - - 1,149,122. Pennsylvania, - 1,821,218.

CAPT. W. D. ROBINSON (U. S. Marine Insp., Buffalo, N. Y.), in 1885 was suffering with a skin humor like leprosy. Could not sleep; was in great agony. For two years tried everything, without benefit. Was pronounced incurable. "Twenty bottles of Warner's SAFE Cure completely cured me, and to-day I am strong and well." (Feb. 5, 1886.)

Providence, - - 171,929.

EX-GOV. T. G. ALVORD (Syracuse, N. Y.), in 1884, began running down with General Debility, accompanied with a sense of weight in the lower part of the body, with a feverish sensation and a general giving out of the whole organism. Was in serious condition, confined to his bed much of the time. After a thorough treatment with Warner's SAFE Cure he says: "I am completely restored to health by its means."

Portland, Me., - 441,105.

MAJOR S. B. ARBOTT (Springfield, Mo.), in 1871 was afflicted with lame back, Rheumatism and Kidney trouble. Consulted the very best physicians in San Francisco, and visited all the mineral springs there. Took a health trip to the New England States, but for seven years suffered constantly from his malady, which had resulted in Bright's disease. After using a couple dozen bottles of Warner's SAFE Cure and two of Warner's Pills, he writes: "My back and kidneys are without pain, and thank God, I owe it all to Warner's SAFE Remedies."

Bal. of New Eng., - 441,753.

MRS. J. T. RITCHIE (662 4th Ave., Louisville, Ky.) was a confirmed invalid for eleven years, just living, and having expected death. Was attended by the best physicians. Her left side was paralyzed. Could neither eat, sleep, nor enjoy life. The doctors said she was troubled with female complaints; but she was satisfied her kidneys were affected. Under the operation of Warner's SAFE Cure she passed a large stone or calculus, and in Nov., 1885, reported, "Am to-day as well as when a girl."

New York State, - 3,870,773. Bal. N. W. States, 1,767,149.

ASK YOUR FRIENDS AND NEIGHBORS ABOUT

"WARNER'S SAFE CURE."

THE MOST POPULAR REMEDY EVER DISCOVERED.

Cleveland, - - 682,632. St. Louis, - - 1,530,527.

EX-GOV. R. T. JACOB (Westport, Ky.) was prostrated with severe Kidney trouble and lost 40 pounds of flesh. After a thorough treatment with Warner's SAFE Cure he reports: "I have never enjoyed better health."

Cincinnati, - - 873,667.

GEN. H. D. WALLEN (141 Madison Ave., New York), scarcely able to walk two blocks without exhaustion, and, having lost flesh heavily, began the use of Warner's SAFE Cure and says, "I was much benefited by it."

Bal. Ohio, [State], - 633,158.

COL. JOSEPH H. THORNTON (Cincinnati, O.) in 1885 reported that his daughter was very much prostrated; had palpitation of the heart, into so pain in the head, nervous disorder and catarrh of the bladder. She lost fifty-five pounds. Other remedies failing, they began the use of Warner's SAFE Cure, SAFE Pills and SAFE Nerve, and within three months she had gained fifty pounds in weight and was restored to good health. That was three years ago, and she is still in as good health as ever in her life. Col. Thornton, himself was cured of Chronic Diarrhea of eighteen years standing, in 1881, by Warner's SAFE Cure.

Southern States, - 3,534,017.

C. H. ALLEN (Leavenworth, Kan.), son Edwin, two years of age, afflicted with extreme case of Bright's disease, and the doctors gave him up. By the advice of the doctor's wife, began the use of Warner's SAFE Cure, and after taking seven bottles he is perfectly well and has had no relapse.

Canada, - - 1,467,824. Bal. Pacific Coast, - 732,313.

Every Testimonial we publish is genuine. Write to the testators, enclosing stamp for reply, and learn for yourselves.

Counterfeit Silver Coin.

"Want of ring," said Mr. Tanda, of the sub-treasury, "does not always mean that a coin is bad; many good coins lack ring and many bad ones have it, especially old coins filled with platinum. If a coin is of lead, its color will betray it; if it is filled, a sharp eye can detect the joint between the two halves. The absence of ring is easily explained. Silver dollars are stamped from long strips, the ends of which strip are apt to get curled in such a manner as to break the laminae of the metal, so that the coins cut from it have flaws which destroy the ring. We do not judge coins by the ring, but by the appearance. A counterfeit among a number of dollars spread out on a table will instantly be detected by an expert judge. It looks larger than the real dollar in most cases, and if all of base metal its color is always bad. A coin made of lead, zinc and powdered glass has a ring, but it is always larger than the genuine dollar. Ring, therefore, means but little. We have about thirty bad silver dollars brought in here every day, and the business seems to be on the increase.

"With gold coins the detection of counterfeits is more difficult. Those filled with platinum have a fair ring and the joint in the edge is effaced by remilling. Platinum is worth only about one-third the value of gold, weight for weight. I have \$20 gold pieces out of which \$14 worth of gold had been taken and replaced by platinum, making an exceedingly dangerous counterfeit which only a good judge of coins can detect. The ring is good and the weight is there, while the whole outside of the coin is genuine."—[New York Evening Post.

Chaff.

When a \$5 bill is dropped into the contribution box it makes just enough noise to be heard in Heaven.—[Drake's Magazine.

Experience was a bully deceiver. Der only trouble mit him was dot he gers his knowledge out when it was pooty late.—[Carl Pretzel's Weekly.

It is announced that Senator Evans is a silver man; and judging from certain of his methods of conveying information we certainly know he isn't a golden one.—[Judge.

In Alabama they chew the tassels of the fir trees as a substitute for tobacco, "which," says a correspondent, "reminds me of the adage, 'be fir-chewers and you will be happy.'—[Life.

A canvasser called on a working man for his vote, but he was out, and the wife put in an appearance.

"What are the politics of your husband?" asked the agent.

"I'm not quite sure, but I fancy he is a Conservatory," was the reply.—[American Register.

Says an exchange: "M. Pasteur's father was a tanner." We always had an idea that the old man must have had something to do with bark, because his son is so familiar with it. Ha! ha! ha! Don't you see the point? No? Why bark, don't you see, dogs bark—tan bark, ha, ha, ha, ha, ha, ha, ha. (Copyrighted.)—[Peck's Sun.

The offer of a Chicago merchant to pay several thousand dollars per annum for the privilege of suspending an illuminated business poster from the pulpit of a fashionable church in that city, has been respectfully declined. There are some discouragements under which the industrial interests of the country languish that Congress cannot abate.—[Brooklyn Union.

"Those are rather nice-looking sleeve-buttons you have on; pardon me for asking of what material they are made?"

"Dead gold." (examining them). "Well it must have been dead an enormously long time."

"Why?"

"Because it has been dead so long that it has turned into brass."—[Harper's Bazar.

Some New York amateurs gave a concert not long since for the benefit of the Grant monument fund. One of the features of the performance was a dirge on the piano, which, of course, was played in very slow time. At the rehearsal the gentleman who was getting up the performance, but who was not much of a musician himself, said to the young lady who was to pound out the dirge on the piano:—

"You can play as slowly as you please now at the rehearsal, but when it comes to playing it at night before the audience you will have to hurry it up a little."

"Why so?"

"Because the gas bill will bring us out in debt, instead of there being a surplus for the Grant monument fund, if you play as slowly as you are playing now."

The lady muttered something about the appropriateness of slow music in a concert in New York to raise funds for the Grant monument.—[Texas Sittings.

The foundation of many of the bonnets is of faile embroidered in gold and in various beads and color.
